### **May 16th Agenda:**

- ▶ Mayor Lisa Brown will have a representative from her office explain Spokane's financial status and her efforts in working towards solutions to issues our City is facing, including public safety.
- ▶ Mr Jesse Bank, the Director of the Northeast Public Development Agency ([Make it Spokane®](#)), our neighbor to our east, will update us on how they are "Creating the brighter side of Washington." Much of the open land north of Lincoln and east of Nevada, both City and County is zoned for industrial development. This includes the large facility at Magnesium/Crestline.
- ▶ Shiloh Hills Neighborhood Council has had Jael and Dream join our executive team to serve our neighborhood. We welcome their time and expertise.

### **News and City Information**

- 1) The Neighborhood Service report [here](#) has important links and news for neighborhoods. It is recommended to open this document and learn what is happening in our City's neighborhoods
- 2) Spokane City weekly updates and important resource links:  
<https://my.spokanecity.org/communityupdate/> The City updates this resource weekly with important city wide information.
- 3) Washington State Department of Transportation (WSDOT) is working on a project from the Highway 395/2 "Y" to Wandermere. See the project page [here](#). There will be a meeting on June 11<sup>th</sup> at Whitworth University. This project is under the Federal Highway Administration's "Complete Streets" program. Complete Streets are streets designed and operated to enable safe use and support mobility for all users. See the U.S. Department of Transportation [Complete Street webpage](#) for more information.
- 4) The [Inlander](#) will have information on the fiftieth anniversary of Expo 74. You can find online information of events [here](#).
