Walkability – bikes
Schools
Urban forestry- trees, Spokane scape, heat islands,
climate resiliency
Green way to Children of the Sun
Transit Oriented Design (TOD), Multi/mixed use zoning,
Density near Division, trees on arterials

Shiloh hills is interesting because there is such a heavy mix of Industrial Residential use. We need to integrate better effectively.

The school zone on Magnesium needs to be extended to include Spokane International Academy currently it is only in front of Shilo hills. We would love that to include SIA.

"ditto" ↗

Some of the walkability could be helped by giving clearly defined school zones. The cars have no way of knowing when to slow down and/or that kids are present. A child died about a week ago because there were no clear signs.

Division, trees on arterials

ALL ROADS (AS MUCH AS POSSIBLE) SHOULD HAVE SIDE WALKS

Partner with Spokane boys landscaping for ~~spokane~~scape projects - bundle with many yards to potentially get a better deal?

TOD → Build S over I in empty section of parking lot, move current businesses in lot into new building (don't raise their rents!), tear down old I start

Outreach to neighbors about SpokanePP, can we get grant funds for watering the trees? can we use traffic calming/safe streets/climate commitment money?

NO NEW GAS STATIONS OR DRIVE THrus

More retail space that is walkable and can actually be accessible and affordable for small independent businesses! Bookstores, music venues, etc!!! Not just chains and restaurants

Put the buildings up against the ~~store~~ sidewalks, with a parking lot behind, have awnings covering the sidewalk so it's not a good place to walk all the time

Build up not out, fill in empty parking lots with AFFORDABLE housing

Don't price current residents out of the neighborhood!

Relax zoning restrictions, shops with apartment above, turn a neighborhood house on a corner into a little shop ~~with a~~ where people can gather

SPEED CAMERA AT FRIENDSHIP PARK

11

Sidewalks facing Lincoln and Nevada need to be maintained. There are quite a few sidewalks with huge weeds that are unsightly and give our neighborhood an unsightly appearance.

There are still lots of major intersections that don't have street signs up at the lights! Francis & Wall is a good example. This is not safe - especially at night! As more & more new people come to Spokane, it's easier for accidents to happen at those intersections if no major signs up above. If money is such a big issue, why can't they at least install one or 2 a year & get them done. The small signs aren't much good, either, being poles, etc.

People keep hitting the obstacles in front
of my house

Major intersection signage - lighting

Roads are not safe for Bikes! We need protected
bike lanes or speed bumps.

Medians w/ trees in the middle of Nevada, and CO???

Planters & Parklets where roads are wider than legally required

Make our streets pleasant, enjoyable spaces to exist in outside a
car!

Parks

Please provide more details, comments, remarks, reflections....

Lighting
Amenities: bathrooms, Kiosks
Disabled -universal design, sidewalks
Pet park
Playgrounds, pool, courts
Acreage increase, (regional) botanical garden

With only 2 parks for the 16,000+ residents the primary focus will be increasing acreage and maintaining the current parks. Friendship park needs the tennis court to be resurfaced; water fountain repaired and bathroom upgrades.

SAFETY FENCE AROUND PARK, NO PARKING BY GATES

The assisted living facility at 8317 N cotton was not considered before road obstacle installation

lighting, bathrooms

PLAYGROUNDS WITH BASKETBALL, PICKLEBALL COURTS

MARKED 400 M ~~remaining~~ TRACK FOR ATHLETES TO TRAIN

New

Bathrooms in the park need to be open and clean

PET PARKS SHOULD BE KEPT AWAY FROM HOME AREAS - WE DON'T WANT TO BE LISTENING TO BARKING!

Playgrounds, pool, courts
Acreage increase, (regional) botanical garden

Signage For our parks directing people on surrounding streets

Raised crosswalks/intersections near ~~park~~ parks - its a place for
PEOPLE first, cars second

Sense of Security

Please provide more details, comments, remarks, reflections....

Derelict cars/RVs
Street lights: walking in dark
Pets off leash
Children walking in neighborhood & to school

MORE LIGHTS AROUND PARK

We need signage about leash laws in the park, as well as more lighting

There should be designated walking areas for children walking to school.

Cars & RVs should not be parked near parks

People need to be fined a good amt when dog is not on leash - should be enforced better!

I think we need to have better enforcement of leash laws by having more community events! and promoting community following of laws!

Community Services

Please provide more details, comments, remarks, reflections....

Community Center: Senior facilities, child care, health clinic, Neighborhood meet-ups
Shelters, resources for evictions or unhoused
Library, Community garden
C.O.P.S./Police Office, neighborhood watch
Neighborhood welcome sign

Making the neighborhood more inclusive by and discoverable by in putting a welcome sign

Partnership with schools in the neighborhood on the community garden

Shiloh Hills needs their own library, and community garden. We also need a sign to welcome folks to our neighborhoods.

Shiloh hills will need to work with CHHS to create homeless linked navigation systems to keep people from becoming homeless - and to mitigate the emergency homeless situations.

C.O.P.S. should not be gotten rid of! IF you can afford to take care of the homeless, you can afford to keep C.O.P.S. IT'S AN important organiz.!

We need another senior center on the north side!

JUST LIKE WE HAVE NORTHEAST COMMUNITY CENTER, WE NEED NORTH COMMUNITY CENTER WITH ROOMS FOR CONFERENCES

Community Services

Please provide more details, comments, remarks, reflections....

Community Center: Senior facilities, child care, health clinic, Neighborhood meet-ups
Shelters, resources for evictions or unhoused
Library, Community garden
C.O.P.S./Police Office, neighborhood watch
Neighborhood welcome sign

WE PRIORITIZE COMMUNITY CENTER CONSTRUCTION
MORE THAN HEALTH CLINIC & SUCH

Community Center and Library!

Community Gardens that are community ran and can be accessed by everyone! More community spaces

Too much money is being spent on the homeless on their shelters! The ones that help could get free help if they wanted it + the rest of them should get off their butts + go to work - there are lots of jobs out there for them!!!

Signage for Shiloh Hills, neighborhood character

A place for people to store their stuff + take a shower

More Community events! Getting Coffee, going on walks, BBQs
People are lonely and wanna connect with there neighbors and it helps identify problems in the neighborhood.
